Welcome Home to Canada's Premier B.A.S.S. Club

Happy New Year...! and welcome back to another year of fishing, tall tales, and friendships.

Tonight is Awards Night and the Executive will be presenting the medals and trophies for all the many participants from last year's events that came out a head.

We will also be presenting the Member of the Year Award to someone that needs to stop being such a keener, and the Long Line Release Trophy for

the Member that tried the hardest, but came up short this year...

The Executive is now accepting letters of interest for anyone that is looking to step up and help the club out with anyone of the Chair positions. If you would even like to be an assistant please let us know. All Chair positions are open and need to be filled by the February 1st Meeting.

{Joke Corner}

When fish play football, who is the captain ? The team's kipper !

Q: What do fisherman and hypochondriacs have in common?

A: They don't really have to catch anything to be happy.

How do fish go into business ?
The start on a small scale !

Which fish go to heaven when they die ? Angelfish !
